"Your Own Sky" Aliosky García

Aliosky García, artist, professor and Director of the Printmaking Department at Instituto Superior de Arte (The University of Arts of Cuba) is joining us to lecture on Cuban Printmaking from 1990 to 2000, which is an important and significant period in the island's history and artistic production.

Aliosky's woodcuts have a theatrical feel accentuated by the tension that is generated by the use of profound black backgrounds that submerge the viewer in the tunnel of infinite agony. His artwork was included in *A Misunderstanding/ Un malentendido*, a group exhibition held at the Santa Fe College Gallery this past summer.

Event Details:

October 21, 2015
2:00 p.m. to 3:00 p.m.
